

WelcomHeritage

Palaces • Forts • Havelis • Resorts

Dear Guest,

Culture doesn't always take a physical form. Often, it is expressed through cuisine: where culture, history, knowledge, skill and ritual come together. There is an unbreakable bond between food and culture. The process of preparing, serving, and even sharing food and drink from a particular culture may seem simple, but often carries significant social and cultural importance.

Making, eating, and sharing cuisine is a way to solidify social bonds. For travellers, being immersed in the local cuisine and gaining a deeper understanding of culinary traditions is a great way to truly connect with the culture.

That's why we've put together a round-up of culinary traditions from around the world, to take you on a journey to explore the intersection of food and culture. Our WelcomHeritage menu brings together food rituals across the Cultural Heritage of Humanity list, offering an exquisite and enriching culinary experience for travellers.

We're delighted to welcome you once again, and we hope your culinary journey is as enriching and rewarding as the rest of your stay.

Bon appétit!

General Manager
